

Summer Flounder, Scup, and Black Sea Bass Advisory Panel Meeting Thursday, July 29, 2021, 3:00 pm - 5:00 pm

CONNECTION INFORMATION

- [Click Here to Join the Webinar](#) (If prompted, enter Meeting Number: 1799 09 1033; Password: 3mXd2ppgPj6)
- Audio Options: Participants can use their computer mic/speakers or telephone for webinar audio. Once you have joined the webinar at the link above, you will be able to select your audio options. If you have an unstable internet connection, we recommend using the “call in” option. To use your phone to connect to audio, first sign into the webinar link above, then look for the “call in” option (if you don’t see this, look for the “use computer audio” button, which will have a little down arrow next to it that you can click on – that should bring up the “call in” option). That will give you a prompt with the phone number, access code, and Attendee ID#. Please make sure to use the Attendee ID# on your screen, as that will allow us to identify you on our end.
- Phone-Only Access: 1-844-621-3956 (U.S. Toll Free); Access code: 1799 09 1033. Please only use this option if you are not connecting to the webinar on your computer or device. Otherwise follow the audio connection prompts to call in when you join the webinar.

MEETING OBJECTIVES

- Review results of 2021 summer flounder, scup, and black sea bass management track stock assessments.
- Review Scientific and Statistical Committee (SSC) and Monitoring Committee recommendations for 2022-2023 specifications for all three species.
- Provide additional input on 2022-2023 specifications for all three species.
