September Meeting Next steps

1. Hannah and Kathryn will confirm with Dan and Wes (NTAP co-chairs) that adding a few external members is okay.

- *Will not add external members as official Working Group members but will include them in communications about meetings. All Working Group meetings are open to the public and all are welcome to participate in such meetings.*

2. Kathryn will work to engage Population Dynamics and OMAO.

- *Two meetings with Population Dynamics Branch Chief, planning IBS discussion with Population Dynamics in December. OMAO confirmed Bigelow full cost (\$53,600 per day).*

3. Working group members please review the document and add thoughts and edits as you want. Also, please consider what you want on the agenda for the November Working Group meeting. Original thought was that the two topics on the agenda should be: a) full description of existing Bigelow scheduling and communication of prioritization process and b) review of updates to the document, discussion of review process.

- *This got a bit hijacked by the IBS development in response to Council motions. No comments yet on [Bigelow Contingencies](#) document; [IBS document sent on Nov 2](#) to working group.*
