

SMALL POEMS FOR

Small Fishes

DEAR CHAIRMAN ROBINS AND COUNCIL MEMBERS,

I just visited the Wildlife Conservation Society's Prospect Park Zoo and learned about your efforts to proactively protect forage species such as false albacore, sand lance, and krill. Thank you for your work on this conservation-oriented action. Please do everything you can to protect these forage species, which are important sources of food for all the ocean animals I care about.

DEAR CHAIRMAN ROBINS AND COUNCIL MEMBERS,

I just visited the Wildlife Conservation Society's Central Park Zoo and learned about your efforts to proactively protect forage species such as false albacore, sand lance, and krill. Thank you for your work on this conservation-oriented action. Please do everything you can to protect these forage species, which are important sources of food for all the ocean animals I care about.

HERE IS A HAIKU ABOUT WHY I CARE ABOUT PROTECTING FORAGE SPECIES:

When the krill is gone

SMALL POEMS FOR

Small Fishes

DEAR CHAIRMAN ROBINS AND COUNCIL MEMBERS,

I just visited the Wildlife Conservation Society's Prospect Park Zoo and learned about your efforts to proactively protect forage species such as false albacore, sand lance, and krill. Thank you for your work on this conservation-oriented action. Please do everything you can to protect these forage species, which are important sources of food for all the ocean animals I care about.

HERE IS A HAIKU ABOUT WHY I CARE ABOUT PROTECTING FORAGE SPECIES:

HERE IS A HAIKU ABOUT WHY I CARE ABOUT PROTECTING FORAGE SPECIES:

The haiku is written on three horizontal lines. The first line contains five scribbled circles representing fish. The second line contains seven scribbled circles representing fish and a simple drawing of a fish's head and tail. The third line contains five scribbled circles representing fish. To the right of the haiku is a drawing of a fish's head and tail, with the text "INCLUDE A DRAWING" written above it.
