If you have an unstable internet connection, we recommend using the “call in” option. To use your phone to connect to audio, first sign into the webinar link above, then look for the “call in” option (if you don’t see this, look for the “use computer audio” button, which will have a little down arrow next to it that you can click on – that should bring up the “call in” option). That will give you a prompt with the phone number, access code, and Attendee ID#. Please make sure to use the Attendee ID# on your screen, as that will allow us to identify you on our end.
