Bluefish Monitoring Committee Meeting - Webinar

Wednesday, July 27, 2022

9:00 a.m. – 12:00 p.m.

[Meeting Link](#)

Meeting Number: 2333 258 2888

Password (if prompted): xVmvjnAY427

Meeting Objective

The purpose of the meeting is for the Monitoring Committee (MC) to review the previously implemented bluefish catch and landings limits, commercial and recreational measures for 2023 and recommend any changes if needed. At the meeting, the MC will review the Scientific and Statistical Committee (SSC) recommendation, staff memos, recent fishery performance, and the fishery information document to assist the MC in their deliberations.

Agenda

9:00 a.m. to 9:05 a.m.

- Convene and introductions

9:05 a.m. to 9:45 a.m.

- Review recent fishery performance
- Review NEFSC data update
- Review SSC recommendations and staff memos

9:45 a.m. to 12:00 p.m.

- Discuss whether changes are warranted for management measures for 2023
 - Commercial ACL, ACT, quota, and management measures
 - Recreational ACL, ACT, RHL, and management measures

12:00 p.m.

- Adjourn
