

**Summer Flounder, Scup, and Black Sea Bass Advisory Panel Meeting
Monday, June 21, 2021, 1:00 pm - 4:00 pm**

CONNECTION INFORMATION

- [Click Here to Join the Webinar](#) (If prompted, enter Meeting Number: 173 388 2042; Password: SFSBSBjune2021)
- **Audio Options:** Participants can use their computer mic/speakers or telephone for webinar audio. Once you have joined the webinar at the link above, you will be able to select your audio options. If you have an unstable internet connection, we recommend using the “call in” option. To use your phone to connect to audio, first sign into the webinar link above, then look for the “call in” option (if you don’t see this, look for the “use computer audio” button, which will have a little down arrow next to it that you can click on – that should bring up the “call in” option). That will give you a prompt with the phone number, access code, and Attendee ID#. Please make sure to use the Attendee ID# on your screen, as that will allow us to identify you on our end.
- **Phone-Only Access:** 1-844-621-3956 (U.S. Toll Free); Access code: 173 388 2042. Please only use this option if you are not connecting to the webinar on your computer or device. Otherwise follow the audio connection prompts to call in when you join the webinar.

MEETING OBJECTIVES

Advisors will discuss the summer flounder, scup, and black sea bass commercial and recreational fisheries and will work with MAFMC and ASMFC staff to develop Fishery Performance Reports summarizing their observations and recommendations. These reports will be considered by the Scientific and Statistical Committee, the Monitoring Committee, and the MAFMC and ASMFC when setting 2022-2023 catch and landings limits and management measures for summer flounder, scup, and black sea bass.

AGENDA

Times are approximate and may change based on pace of discussion.

1:00 pm – 2:00 pm

Summer flounder

- Review fishery information document
- Write fishery performance report

2:00 pm - 3:00 pm

Scup

- Review fishery information document
- Write fishery performance report

3:00 pm - 4:00 pm

Black sea bass

- Review fishery information document
- Write fishery performance report

4:00 pm

Adjourn

Discussion Questions

1. What factors influenced your catch of summer flounder, scup, and/or black sea bass in recent years?
 - a. Market or economic issues? (e.g., fish prices, fuel prices, overall economy)
 - b. Environmental or ecological issues? (e.g., temperature, weather, abundance of other species)
 - c. Management or regulatory issues? (e.g., management-induced effort shifts, regulatory discards, quotas, or gear restrictions)
 - d. Other fishing behavior or operational issues? (e.g., participation in other fisheries)
 - e. Other factors?
2. What other issues or concerns do you want to highlight?
3. What research recommendations do you have for summer flounder, scup, and black sea bass?
4. What recommendations do you have for summer flounder, scup, and black sea bass regulations in 2022 and 2023?
